IDENTIFIERS *Wisconsin

ABSTRACT

The tables in this compilation provide information about Wisconsin's 426 public school districts, their 2,063 schools, and 988 private schools in the state. In 1996-97, Wisconsin public schools served more than 879,000 students and private schools enrolled just over 150,000. Data are presented in a series of tables grouped into the following categories: (1) District Associations; (2) Statewide Statistical Summary Tables; (3) Student and School Staff Data by School District; (4) Complete Annual Cost per Member; (5) Distribution of State Aid Dollars; (6) October Equalization Aid Estimate for 1996-97 Payment; (7) Estimated Other State Aid, 1996-97; (8) School District Revenue Limits; and (9) Equalized School District Levy Rates, 1996-97. The section of statewide summary tables includes information on student enrollment by grade level and ethnicity, as well as data on graduates and professional and support staff by ethnicity. A glossary is included, and maps show Wisconsin counties and the locations of Cooperative Educational Service Agencies. (SLD)

Wisconsin Public School District Cross Reference

Public schools, districts, cities, towns, villages, and other Wisconsin municipalities and locales not readily identifiable as being associated with a particular public school district are listed below. The locale is on the left, while the public school district which corresponds to it is on the right.

Wisconsin Union High School (UHS) System

Each of Wisconsin's ten union high school (UHS) districts receives incoming 9th graders from several of the 47 underlying elementary (K-8) districts, as shown below. Three of the K-8 districts send students to more than one UHS district, because their boundaries overlap. These districts are noted with a '*'.

2450 Arrowhead UHS

2460 Hartland-Lakeside J3
3862 Lake Country
3528 Merton Community
3514 North Lake
3122 Richmond
3542 Stone Bank
3510 Swallow

6013 Big Foot UHS

1870 Fontana J8
3094 Linn J6
5258 Sharon J11
6022 Walworth J1

5054 Central/Westosha UHS

*0657 Brighton #1

5075 Wilmot Grade

Note: The four digit number shown is the Local Education Agency (LEA) code assigned to public school districts.

Section B: Statewide Statistical Summary Tables, Nonfiscal Data

Tables in this section are compiled from detailed information reported by local school districts and private schools each year. Statewide averages and summaries provide local school districts and other states a basis for comparison. Definitions of terms are provided in Section J (Glossary) of this publication.

If you have questions about this section, or need additional information or clarification, please contact:

Section D: Complete Annual School Cost Per Member

Information on "complete annual school cost per member" is retrieved from financial data on Annual Reports filed by school districts for the school years 1993-94, 1994-95, 1995-96, and from Budget Reports for 1996-97.*

Complete Annual School Cost (CASC) is defined as the gross cost of the general, special project, debt service and food service funds, plus the net cost of the capital projects fund.** General Aid Membership is the average of full time equivalency membership on the third Friday in September and the second Friday in January, plus the prior year summer Average Daily Membership (ADM) and foster/group home equivalents. "General aid membership" is used in the computation of state aid and may differ from the number of pupils actually in attendance in a district.***

Per member figures are computed by dividing district cost by aid membership. State share represents district state aid as a percent of CASC. Federal share represents district federal aid as a percent of CASC. Local share represents district property tax and other local revenue as a percent of CASC.

These figures are intended for general inter-district cost comparisons of gross expenditures, but cannot indicate the extent or quality of the educational program from one district to another. In general, it is expected that higher per-pupil costs can be at least partially attributed to increased educational offerings. The DPI encourages people who want to compare costs to research reasons for cost differentials and include explanatory information in their publications.

If you have questions about Section D or need additional information or clarification, please contact Department of Public Instruction, School Financial Services, P.O. Box 7841, Madison, Wisconsin 53707-7841, (608) 266-6968.

Internet Address: <http://www.state.wi.us/agencies/dpi/sfms>

*1996-97 figures should be viewed as estimates only and used with caution, as they are based on budgeted expenditures (not actual) and unaudited membership.

**The Department also produces the School Performance Report which includes a per pupil expenditure based on General Operations (Fund 10) costs only. That cost should not be compared to Complete Annual School Cost (CASC).

*** Aid membership for districts participating in the inter-district Integration Transfer Program includes all resident pupils. Aid membership for Milwaukee also includes Choice Program pupils attending private schools. An "adjusted" cost table, with pupils counted only in the district of actual attendance, is included in this section.

Section E: Distribution of State Aid Dollars, 1995-96

Information on state aid paid during the 1995-96 school year is retrieved from records of aid payments made by the Department of Public Instruction from July 1, 1995 to June 30, 1996. This section details only aids paid to school districts, Cooperative Educational Service Agencies (CESAs) and County Handicapped Children's Education Boards (CHCEBs). This section does not detail aid paid to private schools, public library systems, county social service agencies or other agencies not specifically listed above. It does not include school aids paid by state departments other than the Department of Public Instruction. Definitions of terms used in aid program descriptions are provided in Section J (Glossary).

State aid programs can be categorized into two reimbursement types, "formula based" and "grant programs." Formula based aid programs are generally computed from prior year cost and prior year pupil data. These include all the general aid programs and categorical aid programs such as pupil transportation, state tuition, common school fund, driver education, and handicapped education. Reimbursements for grant programs, where grant awards documents are issued, are usually computed on a current year claim/reimbursement basis.

If you have questions about Section E or need additional information or clarification, please contact Department of Public Instruction, School Financial Services, P.O. Box 7841, Madison, Wisconsin 53707-7841, (608) 266-6968.

Internet Address: <http://www.state.wi.us/agencies/dpi/sfms>

Equalization Aid

Equalization aid is state financial assistance which is used to help fund a broad range of school district operational expenditures, as opposed to categorical aid, which must be used for a specific purpose or category of program. General aid for 1995-96 was based on prior year membership, prior year shared costs, and prior year equalized property values (Tax Incremental Financing district increments excluded).

Equalization aid for public elementary and secondary schools is determined under the provisions set forth in the following statutes:

121.004	Definitions
121.07	General provisions; state aid computation
121.08	Payment of state aids; reductions
121.14	State aid for summer classes

1995-96 equalization aid was computed using a two tier cost sharing formula. The appropriations for the payment of such funds in 1995-96 were found in s. 20.255(2)(ac), Wis. Stats.

Equalization Aid—1995-96 Estimate for Payment Aid formula factors used, in October 1995, to compute 1995-96 equalization aid payments are listed below.

Type of District	Primary Guarantee	Secondary Guarantee	Primary Ceiling
K-12	\$ 406,592	\$230,066	\$5,786
UHS	\$1,219,776	\$690,198	\$5,786
K-8	\$ 609,888	\$345,099	\$5,786

Equalization Aid—1995-96 Final Eligibility Adjustments for differences between the October estimate and final eligibility are made in the 1996-97 school year. The final aid formula factors for 1995-96 aids are listed below.

Type of District	Primary Guarantee	Secondary Guarantee	Primary Ceiling
K-12	\$ 406,541	\$230,064	\$5,786
UHS	\$1,219,623	\$690,192	\$5,786
K-8	\$ 609,811	\$345,096	\$5,786

Two Tier Equalization Aid Formula

State law provided for two levels of state support in 1995-96 and, therefore, two guaranteed valuations—one for “low” costs and one for “high” costs. The primary guarantee was the guaranteed valuation for “lower” or primary costs, i.e., that part of shared cost which fell below the primary cost ceiling of \$5,786.

“Secondary” costs consisted of shared cost above the primary cost ceiling. Thus, a district which had a total shared cost of \$6,786 per member would have a primary cost of \$5,786 and a secondary cost of \$1,000.

Just as the primary guaranteed valuation per member applied to the primary cost, so the secondary guaranteed valuation per member applied to the secondary cost.

Primary shared cost divided by the primary guarantee produced a primary “calculation rate”. When the primary “rate” was applied to the district’s equalized valuation, it produced the amount of the local obligation of the primary cost. The remainder of primary cost was state primary equalization aid.

The secondary guarantee was applied in the same way as the primary guarantee; secondary shared cost divided by the secondary guarantee produced the secondary calculation rate. When the secondary rate was applied to the district’s equalized valuation, it produced the amount of the local obligation of the secondary cost. The remainder of secondary cost was state secondary equalization aid.

In 1995-96, secondary aid, under certain conditions, reduced or eliminated primary aid to a district. Districts with equalized valuation per member above the secondary guarantee and shared cost above the primary cost ceiling per member had primary aid reduced by *negative* secondary aid.

Integration Aid

The authorization for state aid to districts for pupil transfers resulting from a plan to reduce racial imbalance (inter- or intra-district) is found in Subchapter 6 of Chapter 121 of the statutes. The integration plan outlined in Subchapter 6 involves transfers of minority (or nonminority) students from a school where at least 30 percent of pupils enrolled are minority (or nonminority) to a school where less than 30 percent of pupils enrolled are minority (or nonminority).

In the case of *intra-district* integration transfers (students transferring within a district), the number of pupils transferred was multiplied by .325. The resulting membership enhancement was multiplied by the district's 1995-96 equalization aid per member to arrive at intra-district integration aid.

In the case of *inter-district* transfers (students transferring between districts), the district of residence continues to count the pupil as 1.0 for equalization aid purposes and the district of attendance is paid state aid amounting to approximately the cost of educating each transferred pupil. As an incentive to participate in the program, 1995-96 inter-district aid was increased by 20 percent if incoming transfer pupils exceeded 5 percent of the district's enrollment. In 1996-97 the incentive provision was eliminated.

Special Adjustment Aid

S. 121.105, Wis. Stats., provided additional aid to a school district that received less than 85 percent of state aid in 1995-96 than it received in the previous year. "State aid" in this statute means the sum of payments provided to a school district under ss. 121.08, 121.10, 121.105, 121.85 and 121.86 (equalization, minimum, special adjustment, and integration aids, respectively).

Minimum Aid

Minimum state aid is defined in s. 121.10, Wis. Stats. Based upon prior year property tax levy rates and median household income (from the 1980 Federal census), each school district was guaranteed a minimum level of aid per pupil. If the school district's equalization aid was below that minimum level, the district was granted the amount of "minimum aid" necessary to bring the district's aid per pupil up to the appropriate level. Categories of 1995-96 minimum aid and the criteria for each are listed below. If a school district qualified under more than one category, the larger amount was granted.

1. \$400 per pupil if the district's levy rate exceeds 107 percent of the state average levy rate and median household income does not exceed \$25,000.
2. \$300 per pupil if the district's median household income is below \$15,000 (regardless of levy rate), or if the district's levy rate exceeds the state av-

erage levy rate (but not by more than 7%) and the median household income is at least \$15,000 but does not exceed \$25,000.

3. \$175 per pupil if the district's levy rate does not exceed the state average levy rate and median household income is at least \$15,000 but less than \$22,000.
4. \$100 per member, regardless of levy rate and median household income, if the district does not meet any of the above criteria.

Handicapped Children Education Aid

There are 11 major areas of state aid to school districts, CHCEBs, and CESAs which provide special programs for children with exceptional educational needs (EEN):

1. early childhood
2. physical or orthopedic disability
3. mental retardation or other developmental disability
4. hearing impairment
5. visual disability
6. speech and language disability
7. emotional disturbance
8. learning disability
9. school age parents
10. homebound instruction
11. alternate delivery system (multicategorical-SNDS)

In addition, the state pays aid on the cost of special transportation, school psychologists, social workers, physical and occupational therapy, and special education directors. Classes for the physically handicapped include treatment and therapy as well as academic curriculum. A plan of service for each special education class must be approved by the Division for Handicapped Children and Pupil Services.

The authorization for handicapped aid is found in s. 115.88, Wis. Stats., and the appropriation is listed under s. 20.255(2)(b), Wis. Stats.

The 1995-96 aid reimbursement by the state was based on the prior year's cost of EEN programs provided by school districts, CHCEBs, and CESAs. These costs included the salaries and fringe benefits for certified coordinators, EEN teachers and aides, occupational and physical therapists, psy-

chologists, social workers, and substitutes. The 1995-96 state aid percent, based on 1994-95 cost for psychologists and social workers, was computed at 34.4 per cent and for other staff at 42.5 per cent, as the appropriation was insufficient to pay the total statutory aid rates of 63 percent for instruction and 51 percent for psychologists and social workers. Aid at 42.5 percent was also paid on the special transportation cost.

In 1995-96, aid for the boarding home cost for nonresident EEN children and the cost of transportation from the boarding home to the classroom was paid at 67.4 percent of 1994-95 cost.

Pupil Transportation Aid

State transportation aids are determined under the provisions of s. 121.58, Wis. Stats. The appropriation for reimbursement of transporting public and nonpublic school pupils is found in s. 20.255(2)(cr), Wis. Stats.

School districts that furnish transportation to and from public and non-public schools are entitled to receive state aid at the following rates:

Distance Transported	Regular Year	Summer School
0-2 miles (hazardous area)	\$12/pupil	—
2-5 miles	\$30/pupil	\$4/pupil
5-8 miles	\$45/pupil	\$6/pupil
8-12 miles	\$60/pupil	\$6/pupil
12-15 miles	\$68/pupil	\$6/pupil
15-18 miles	\$75/pupil	\$6/pupil
over 18 miles	\$85/pupil	\$6/pupil

Distances are measured from the pupil's residence to the school attended, following the shortest commonly traveled route.

Half payment is made for pupils transported less than 91 days (regular year) or 16 days (summer school).

Pupil transportation aid in 1995-96 was based on the number of children transported during the 1994-95 school year. The aid for 1995-96 school year was calculated on a total of 560,002 children (509,716 public and 50,286 private) reported as eligible for aid reimbursement. Pupil transportation aid in 1995-96 was prorated at 89.1 percent of eligibility because aid eligibility exceeded the aid appropriation.

School Library Aid

(from the Common School Fund)

The source of authority for the Common School Fund is Article 10 Sections 4 and 5, Wisconsin State Constitution, and s. 43.70, Wis. Stats. The appropriation is found under s. 20.255(2)(s), Wis. Stats. The income from the Common School Fund is distributed on the basis of the total number of children between the ages of 4 and 20 residing in the school district as of June 30 of the year before payments are made. The total number of children so reported in 1995 was 1,201,020. This number was divided into the Common School Fund balance of December 1, 1995 (\$13,806,842). This generated a payment of \$11.50 per pupil in 1995-96.

Bilingual/Bicultural Aid

A bilingual/bicultural education program is designed to improve the English language comprehension, speaking, reading, and writing abilities of limited-English-speaking pupils, so they will be able to perform ordinary classwork in English. Any school district operating such a program is eligible to receive state aid equal to 63 percent of the approved expenditures attributable to the program or a prorated percentage if aid appropriated is insufficient to cover eligible reimbursable cost. The authorization for the program and aid is established in Subchapter 7 of Chapter 115 of the statutes and the appropriation is listed under s. 20.255(2)(cc), Wis. Stats.

Aid to Milwaukee Public Schools Desegregation Settlement Funds

Milwaukee School District is eligible for funding of the following programs:

- | | |
|-----------------------|---|
| s. 119.71 Wis. Stats. | — Five-year-old kindergarten |
| s. 119.72 Wis. Stats. | — Early Childhood Education |
| s. 119.74 Wis. Stats. | — Extended day programs |
| s. 119.75 Wis. Stats. | — First grade programs |
| s. 119.78 Wis. Stats. | — Family Resource Center |
| s. 119.82 Wis. Stats. | — Alternative Educational Programs for Learnfare Pupils |

The appropriation that authorizes funding is s.20.255(2)(ec), Wis. Stats.

Preschool to Grade 5 Program Grants

S. 115.45, Wis. Stats., authorizes payment of grants that provide structured educational experiences that focus on the needs of low-income pupils and include activities that encourage early skill development. Pupils enrolled in preschool programs and grades 1 to 3 are annually tested in reading, language arts and mathematics. Pupils in grades 4 and 5 are annually tested in reading, language arts, mathematics, science and social studies. The appropriation is listed under s. 20.255(2)(do), Wis. Stats.

State Tuition Aid Payments

State payment of tuition for pupils is authorized under s. 121.79, Wis. Stats.

S. 121.79 Tuition payments by state. (1) The state shall pay tuition from the appropriation under s. 20.255(2)(cg) for children attending public schools in the following cases:

- (a) For pupils in children's homes.
- (b) For pupils whose parents or guardians are employed at and reside on the grounds of a state or federal military camp, federal veteran hospital or state charitable or penal institution.
- (d) For pupils in foster homes, treatment foster homes or group homes, if:
 - 1. The foster, treatment foster or group home is located outside the school district in which the pupils parent or guardian resides; and
 - 2. The foster, treatment foster or group home is exempted [from property taxation] under s. 70.11.

Driver Education Aid

(from the Highway Fund)

The authorization for driver education aid is found in Subchapter 3 of Chapter 121 of the Wisconsin Statutes. The appropriation is listed in s. 20.255(2)(r), Wis. Stats., in which funds are transferred from the Highway Fund (chauffeur's license fees) to the Department of Public Instruction. These funds are used to encourage school districts to promote effective driver training programs. In 1995-96, school districts received up to \$100 for each pupil who successfully completed the classroom and behind-the-wheel phases of the driver education program.

Children At Risk Aid

In 1995-96, s. 118.153(4) (b), Wis. Stats., provided additional state aid in an amount equal to 10 percent of the school district's average per pupil aid provided under equalization, supplemental, integration, and manufacturing value adjustments for each at-risk pupil when a school board's annual report of an approved program for children at risk indicated any three of the following listed conditions existed in the previous school year:

- 1. The school district's average attendance rate for pupils enrolled in the school district's program for children at risk was at least 70 percent.
- 2. The school district's retention rate for pupils enrolled in the school district's program for children at risk was at least 70 percent.
- 3. At least 70 percent of the pupils enrolled in the school district's program for children at risk as high school seniors received a high school diploma.
- 4. At least 70 percent of the pupils enrolled in the school district's program for children at risk received academic credit.
- 5. The school district's program for children at risk can show significant improvement in reading and mathematics performance for each semester of instruction.

CHCEB General Aid

County Handicapped Children's Education Boards received, under s. 121.135, general aid approximately equivalent to the additional general aid each school district participating in the CHCEB would have received if the student had been enrolled in the resident district.

Head Start Supplement

S. 115.361(5) provides funds to agencies eligible for Head Start designated under 42 U.S.C. 9836 for comprehensive health, educational, nutritional, social and other services to economically disadvantaged preschool aged children and their families.

Food and Nutrition Programs

Appropriation	Authorization	Program
Wis. Stats. 20.255(2)(cn)	s.115.34	Matching Schl Lunch Aid
Wis. Stats. 20.255(2)(cn)	s.115.345	Elderly Food Service

Section F: October Equalization Aid Estimate for 1996-97 Payment

Beginning in 1996-97, equalization aid was computed under a three tier cost sharing formula. The 1995-96 aid, described in Section E, was computed using a two tier cost sharing formula. The first tier of the new formula provided every district with some equalization aid on the first \$1,000 of shared cost per pupil. For that reason, minimum aid, also described in Section E, was repealed for 1996-97.

The three tier aid formula is described in detail in this section. The October 1996 estimate of 1996-97 equalization aid by school district follows the formula explanation. Aids for 1996-97 are computed from financial data in 1995-96 Annual Reports, membership data from September 1995 and January 1996 Membership Reports, and equalized property valuations certified by the Wisconsin Department of Revenue for calendar year 1995. These aid amounts, modified by 1995-96 final aid eligibility adjustments, are paid to districts during 1996-97. Final 1996-97 aid eligibility, based on audited information, is computed in June 1997 and resulting equalization aid payment adjustments are made in September 1997.

If you have questions about Section F or need additional information or clarification, please contact the Department of Public Instruction, School Financial Services, P.O. Box 7841, Madison, Wisconsin 53707-7841, (608) 266-6968.

Internet Address: <http://www.state.wi.us/agencies/dpi/sfms>

Introduction

The state of Wisconsin and school districts form a partnership to support elementary and secondary public school education. State share of local school costs is dependent upon state general aid appropriations, local per pupil spending, and need as indicated by property wealth per pupil.

General aid formula factors are described below.

Shared Cost

Shared costs are funded by local property taxes and state general aid. S. 121.07(6), Wis. Stats., defines "shared cost" as the sum of the net cost of the general fund and the net cost of the debt service fund. 1995-96 shared cost was used to compute 1996-97 equalization aid.

Membership

S. 121.004(5) and 121.05(a), Wis. Stats., define "membership" as the average of the number of "full-time equivalency" pupils enrolled on the third Friday of September and the second Friday of January, plus the summer school and foster group home average daily membership equivalent. Memberships from the summer school, September, and January membership reports for fiscal year 1995-96 were used in the aid computation for 1996-97.

Cost Ceilings

The primary cost ceiling for 1996-97 aids was \$1,000. The secondary cost ceiling for 1996-97 aids was \$5,936. For the 1997-98 school year and thereafter, the secondary ceiling is adjusted each year by the average percentage change in the urban-CPI for the second preceding calendar year.

Shared cost per pupil is classified into three levels: primary cost, secondary cost, and tertiary cost. Primary costs (those within the primary ceiling) receive a much greater state share than secondary costs. Similarly secondary costs (costs above the primary ceiling but within the secondary ceiling) receive a greater state share than tertiary costs (those above the secondary ceiling).

Equalized Property Value

Under the provisions of s. 121.06, Wis. Stats., the Department of Revenue annually determines, on a uniform basis, the property value (called "equalized valuation") of each school district in Wisconsin. The equalized valuations for 1995 were used in computing equalization aid for the 1996-97 school year. The use of "TIF-Out" valuation, full property value with Tax Incremental Financial district increments excluded, is required by statute.

The local tax base available for the education of each child is determined by dividing the district's equalized valuation by its membership. The resulting equalized valuation per member varies widely among districts offering grades kindergarten through 12, from less than \$100,000 to over \$1,000,000. If local tax base was the only source of revenue available, local school districts' ability to raise sufficient revenue for school operations would vary widely.

Guaranteed Property Valuation per Member

S. 121.07(7), Wis. Stats., guarantees minimum equalized property tax bases to support education costs for each pupil. If the district tax base is below that amount, the state general aid formula supplements the local tax base up to the guaranteed tax base level.

Specific guarantees are provided for each of three cost levels in the 1996-97 general aid formula. The primary guarantee supports costs up to the primary cost ceiling per member. The secondary guarantee supports costs above the primary cost ceiling per member and up to the secondary cost ceiling per member. The tertiary guarantee supports costs above the secondary cost ceiling per member.

The 1996-97 K-12 primary guarantee is set by statute at \$2,000,000 per pupil. The 1996-97 K-12 secondary guarantee is the amount, determined by the department, which distributes the appropriation under s. 20.255(2)(ac), Wis. Stats., each fiscal year. The 1996-97 K-12 tertiary guarantee is 100 percent of the statewide average equalized property value per member rounded to the next lower dollar.

Each type of district has a unique guaranteed property value per member. Of 426 school districts operating in Wisconsin in 1996-97, 369 operated kindergarten through grade 12 (K-12); 10 union high school (UHS) districts operated only grades 9 through 12, and 47 elementary districts

operated kindergarten through grade 8 (K-8). K-8 districts are within the same geographic area served by UHS districts. UHS guarantees are 300 percent of K-12 guarantees. K-8 guarantees are 150 percent of K-12 guarantees.

Aid Formula Cost Sharing

School district educational programs are influenced by state and federal program requirements, local needs and desires, and state revenue limit requirements (described in Section H). The level of educational programming varies among districts as does the amount of funding needed to support programs.

The goal of an equalizing aid formula is to eliminate differences in ability to spend while allowing for variation in willingness to spend for education. In the equalization formula, the state and local district each contributes a portion of the guaranteed property valuation per pupil and assumes a corresponding portion of shared cost. The difference between the state guaranteed valuation and the district equalized valuation is referred to as the Net Guaranteed Valuation. The Net Guaranteed Valuation represents the state's share of the guaranteed property valuation.

Guaranteed Valuation per Member	Total Per Member	Shared Cost per Member
-	-	-
District Equalized Valuation	Local Share	Local Obligation
=	=	=
Net Guaranteed Valuation	State Share	General State Aid

Suppose, for example, that a district has an equalized valuation per member that is 55 percent of a state guaranteed valuation per member. Under the equalization principle, the district must raise 55 percent of that tier of shared cost locally. The remaining 45 percent of that tier of shared cost is paid by state general aid.

Aid Calculation Methods

The formula for computing any tier of state equalization aid is as follows:

$$\text{State Aid} = \text{Shared Cost} \times \frac{\text{Net Guaranteed Valuation}}{\text{Guaranteed Valuation}}$$

Because the ratio of the net guaranteed valuation to the guaranteed valuation can be expressed as a percent, the above formula is often called the "percentage method" of computing aid.

The same computation can be performed in a slightly different fashion, referred to as the "rate method".

$$\text{State Aid} = \frac{\text{Shared Cost}}{\text{Guaranteed Valuation}} \times \text{Net Guaranteed Valuation}$$

$$= \text{Calculation Rate} \times \text{Net Guaranteed Valuation}$$

The Calculation Rate x Net Guaranteed Valuation represents a theoretical levy rate, or mills per dollar of *prior year* equalized valuation. (This "rate", used for aid calculation purposes only, is *not* the actual levy rate established by the school district.)

Note that the calculation rate depends solely on the district's spending level (shared cost per member) and the guaranteed valuation. Since the guarantee is the same for all districts of a given type, the only factor in the formula that changes from one district to another is cost per member. The basic principle of equalization is that *districts which spend at the same level per member will tax at the same rate*.

The state applies the same rate to its share of the guaranteed valuation as the district applies to its own equalized valuation. In this way the state and districts form a partnership to support education of public elementary and secondary pupils in Wisconsin.

Either the percentage method or the rate method of computing state aid will produce the same result; however, the rate method is specified in state statutes.

Three Tier Formula

The 1995-97 Wisconsin State Budget initiated changes in the structure and funding level of the general equalization aid formula. Effective with the 1996-97 aid distribution, the state distributes general equalization aid to school districts through a three-tiered, cost sharing formula. A brief explanation and sample computation for each tier follows. All computations are on a "per pupil" basis using the rate method.

K-12 aid formula factors assumed for this example only:

Shared Cost per Member	=	\$ 7,100
Equalized Value per Member	=	\$ 200,000

State Formula factors assumed are:

Primary Cost Ceiling	=	\$ 1,000
Secondary Cost Ceiling	=	\$ 6,000
Primary Guaranteed Value	=	\$2,000,000
Secondary Guaranteed Value	=	\$ 600,000
Tertiary Guaranteed Value	=	\$ 250,000

Primary Aid Level

The first tier of support is for shared cost up to a primary cost ceiling of \$1,000 per member (referred to as primary shared cost). The state's share at the primary aid level is calculated using a primary guaranteed valuation of \$2,000,000 per member. Every school district is guaranteed no less equalization aid than its primary aid amount; in other words, a district's primary aid is not reduced by negative aids that may be generated at either the secondary or tertiary aid levels.

$$\begin{aligned}\text{Primary Net Guaranteed Value} &= \text{Guaranteed Value} - \text{District Value} \\ &= 2,000,000 - 200,000 \\ &= 1,800,000\end{aligned}$$

$$\begin{aligned}\text{Primary Aid} &= \frac{\text{Primary Shared Cost}}{\text{Primary Guarantee}} \times \text{Primary Net Guaranteed Value} \\ &= \frac{1,000}{2,000,000} \times 1,800,000 \\ &= .0005 \times 1,800,000 \\ &= \$900\end{aligned}$$

Secondary Aid Level

The second tier of support is for shared cost per member between \$1,000 and a secondary cost ceiling (referred to as secondary cost). The state's share at the secondary level is calculated using a secondary guaranteed valuation which, in combination with the primary and tertiary guarantee, is the amount that distributes the funds available in the appropriation.

$$\begin{aligned}\text{Secondary Shared Cost} &= \text{Secondary Cost Ceiling} - \text{Primary Cost} \\ &= 6,000 - 1,000 \\ &= 5,000\end{aligned}$$

$$\begin{aligned}\text{Secondary Net Guaranteed Value} &= \text{Guaranteed Value} - \text{District Value} \\ &= 600,000 - 200,000 \\ &= 400,000\end{aligned}$$

$$\begin{aligned}\text{Secondary Aid} &= \frac{\text{Secondary Shared Cost}}{\text{Secondary Guarantee}} \times \text{Secondary Net Guaranteed Value} \\ &= \frac{5,000}{600,000} \times 400,000 \\ &= .00833333 \times 400,000 \\ &= \$3,333\end{aligned}$$

Tertiary Aid Level

The third tier of support is for shared cost above the secondary cost ceiling (referred to as tertiary shared cost). There is no tertiary cost ceiling as all shared cost above the secondary level is potentially eligible for tertiary aid. The tertiary guaranteed valuation is set at 100% of the statewide average equalized valuation per member. If a school district's tertiary aid is a negative number, this amount is deducted from its secondary aid amount. However, if the sum of a district's secondary aid and tertiary aid is a negative number, this amount does not reduce the primary aid amount.

$$\begin{aligned}\text{Tertiary Cost} &= \text{Total Shared Cost} - \text{Secondary Cost Ceiling} \\ &= 7,100 - 6,000 \\ &= 1,100\end{aligned}$$

$$\begin{aligned}\text{Tertiary Net Guaranteed Value} &= \text{Guaranteed Value} - \text{District Value} \\ &= 250,000 - 200,000 \\ &= 50,000\end{aligned}$$

$$\begin{aligned}\text{Tertiary Aid} &= \frac{\text{Tertiary Shared Cost}}{\text{Tertiary Guarantee}} \times \text{Tertiary Net Guaranteed Value} \\ &= \frac{1,100}{250,000} \times 50,000 \\ &= .0044 \times 50,000 \\ &= \$220\end{aligned}$$

Total Equalization Aid - State Share

For the sample district, total equalization aid per pupil is:

$$\begin{array}{rcl}\text{Primary Aid} & = & 900 \\ + & & + \\ \text{Secondary Aid} & = & 3,333 \\ + & & + \\ \text{Tertiary Aid} & = & 220\end{array}$$

$$\text{Total Equalization Aid} = \$4,453$$

Based on property value of \$200,000 per pupil and shared cost of \$7,100 per pupil, this district would receive a total of \$4,453 of state equalization aid per pupil.

Total District Obligation - Local Share

Based on spending of \$7,100 per pupil and total state aid of \$4,453, the district must levy a local tax for the remaining \$2,647 per pupil.

$$\begin{aligned}\text{Primary Calculation Rate} &= .00050000 \\ + & \\ \text{Secondary Calculation Rate} &= .00833333 \\ + & \\ \text{Tertiary Calculation Rate} &= .00440000 \\ \text{Total Calculation Rate} &= .01323333\end{aligned}$$

$$\begin{aligned}\text{District Share} &= \text{Calculation Rate} \times \text{Property Value} \\ &= .01323333 \times 200,000 \\ &= \$2,647\end{aligned}$$

Aid Formula "Disequalizers"

In a perfectly equalized formula, actual levy rates and "theoretical" or calculation rates would be one and the same. However, not all school costs are shared through the general aid formula in Wisconsin. Categorical aid programs fund costs outside of the equalization aid formula. These programs and other disequalizing factors contribute to differences between the calculation rate and actual equalized tax rates. Other disequalizing factors in Wisconsin's general aid formula are: cancellation of negative aids, payment of special adjustment aids, payment of special transfer aids from the equalization aid appropriation, and use of prior year data (membership, costs, and property value) for aid computation.

Actual levy rates depend upon current year expenditures, revenues, and equalized property values. 1996-97 school district levy rates are found in Section I.

Estimated 1996-97 Equalization Aid Formula Factors

The following guaranteed valuations were used in the October 1996 estimate of equalization aid for payment in 1996-97.

Type of District	Primary Guarantee	Secondary Guarantee	Tertiary Guarantee
K-12	\$2,000,000	\$569,584	\$232,954
UHS	\$6,000,000	\$1,708,752	\$698,862
K-8	\$3,000,000	\$854,376	\$349,431

The primary cost ceiling per member was \$1,000 for all districts. The secondary cost ceiling per member was \$5,936 for all districts.

School District Data

School district expenditures are from 1995-96 annual reports as compiled for the October 15 aid estimate for 1996-97 payment. Membership figures are from Summer 1995, September 1995 and January 1996 school districts membership reports.

Equalized valuations are the property assessment of January 1, 1995, as certified by the Wisconsin Department of Revenue in May 1996.

Audits of 1995-96 fiscal and membership data affect final 1996-97 guarantees and aid eligibility. Adjustments for differences between 1996-97 aid payment and actual eligibility are made in September, 1997.

Explanation of Column Contents

Total Shared Cost. Total shared cost is the prior year shared cost for the district. Primary, secondary, tertiary and total school district shared costs are explained under "Explanation of Line Contents."

Cost Mem. Cost/Mem, for any given line, is the shared cost on that line divided by the membership on that line.

Equalization Aid. Equalization Aid is the current year aid eligibility. Aid eligibility may differ from actual aid paid due to prior year aid eligibility adjustments. Primary, secondary, tertiary, and total equalization aid are explained under "Explanation of Line Contents."

Aid/Mem. Aid/Mem, for any given line, is the state aid on that line divided by the membership on that line.

CalcRt. CalcRt, for any given line, is the shared cost on that line, minus the state aid on that line, divided by the equalized value on that line, multiplied by 1,000 to produce a "calculation rate" expressed in mills of tax per dollar of prior year equalized valuation.

Equalized Value. Equalized value is the prior year equalized property valuation of the district. By statute, TIF-Out property value (Tax Incremental Financial district increments excluded) is used in the aid calculation.

Members. Members is the prior year aid membership for the district. It represents the average of the third Friday in September and the second Friday in January membership counts, plus the summer school and foster group home ADM equivalents.

Val/Mem. Val/Mem, for any given line, is the equalized property valuation on that line divided by the membership on that line. This figure is compared to the primary, secondary, and tertiary state guaranteed valuations per member to determine the district's ability to finance its own shared cost.

Explanation of Line Contents

The first line for each school district includes district name, code number, and type (kindergarten through Grade 12 (K-12)), secondary or union high school (UHS), or elementary (K-8). Also provided are the financial report used as the source of cost data and the date of the most recent report update.

Primary. Primary cost is the part of shared cost that falls within the primary cost ceiling. Primary aid is equalization aid based on primary costs. Primary aid may not be negative and cannot be reduced by negative secondary or negative tertiary aid.

Secondary. Secondary cost is the part of shared cost above the primary cost ceiling, but not greater than the secondary cost ceiling. Secondary aid is equalization aid based on secondary costs. Secondary aid may be reduced or eliminated by negative tertiary aid.

Tertiary. Tertiary cost is the part of shared cost above the secondary cost ceiling. Tertiary aid is equalization aid based on tertiary costs.

Total. Total aid and total cost is the sum of primary, secondary, and tertiary costs for each. However, total aid may not be less than primary aid. Other figures on this line are computed as indicated under "Explanation of Column Contents."

Section H: School District Revenue Limits

Wisconsin Act 16 implemented "revenue limits" beginning with the 1993-94 school year. The revenue limit is the maximum revenue a district may raise through state general aid and property tax for the General, Nonreferendum Debt (authorized after August 12, 1993), Capital Expansion, and Community Service Funds, also referred to as Funds 10, 38, 41, and 80 respectively. The limit is based upon enrollment changes, the Consumer Price Index, and each district's prior year controlled revenue. A district determines the maximum allowable levy for Funds 10, 38, 41, and 80 by subtracting the general aid estimate provided by the department in October from the revenue limit. There are specific exemptions to the revenue limit available upon application to and approval by the Department.

If you have questions about the data in this section, or need additional information or clarification, please contact the Department of Public Instruction, School Financial Services, P. O. Box 7841, Madison, Wisconsin 53707-7841, (608) 266-6968.

Internet Address: <http://www.state.wi.us/agencies/dpi/sfms>

Revenue Limits

With the enactment in 1993 of Wisconsin Statute 121.90 the legislature placed a limit on the revenue a school district is entitled to receive from general state aid (equalization, and special adjustment aids, minimum aid, integration [Chapter 220]) aid and local levies. For purposes of determining this limitation, levies for debt service in place prior to the adoption of the statute and for repayment of new debt added by referendum after adoption of the statute, were excluded from the calculation.

For purposes of establishing a revenue limit base, the 1993-94 limit was based on the previous year expenditures. In each subsequent year, however, revenue limits have been based on prior year revenues as stated above.

In order to calculate the revenue limit the district starts with a revenue base. The revenue base is calculated by adding the general aids received, integration aids and levies. This revenue base is then divided by an average of the districts' most recent three September membership totals. For this three year average, the year for which the limit is being calculated is not included. A revenue base per member is the result of this division.

The revenue base per member is then increased by an allowable amount. In the first year of the revenue limit legislation the amount of the increase was \$190 for the majority of school districts. Instead of the \$190 increase, higher spending districts were allowed to increase their revenue base per member by an inflationary percentage. This percentage was equal to the increase in the urban Consumer Price Index (CPI-U). In the second year, as a result of growth in the CPI-U the allowable increase grew to \$194.37. A subsequent statute change separated the allowable increase from the CPI-U and stated specifically what the increase would be. The allowable increase of \$206 for 1997-98 will remain in place unless changed by future legislation.

Once the revenue base per member is increased by the allowable amount a new three year September membership average is calculated. This average includes the two most recent Septembers plus the September

of the year for which the revenue limit is being calculated. This membership average is referred to as the "membership multiplier".

The new revenue base per member is then multiplied by the membership multiplier. The result is the new revenue limit. The revenue limit can be increased by various factors such as new costs that occur when a district attaches new property or when the district is required to assume new financial responsibilities from another governmental unit. The revenue limit can also be increased if a district experiences a loss of Federal Impact Aid funds or passes a referendum for the express purpose of increasing the limit.

Beginning in 1995-96 statute established a minimum revenue limit per member. Any district with a calculated revenue limit per member below a specified minimum is permitted to raise its limit to that minimum. 1995-96 and 1996-97 minimums were \$5,300 and \$5,600 respectively.

It is not required that districts levy the total amount allowable. By not levying fully, however, the district does lose some of its future ability to levy. A district that did not levy its full allowable amount the previous year, may increase their revenue limit by 75% of the amount underlevied in the previous year. The remaining 25% of the underlevied amount is no longer available to be levied in any subsequent year.

As was stated previously the revenue limit consists of levies other than certain debt service levies plus general and integration aids. A district's allowable levies under the limit can now be determined by subtracting the general and integration aids from the limit. The allowable total levy thus derived is distributed among the general operating fund, the capital projects fund, and the community service fund. Any debt service levies derived from new debt since 1993 that was not approved by referendum must also be included in the revenue limit.

As discussed above, a district is not required to levy the full amount of their allowable levies. In each year since revenue limits were adopted, the total amount levied by Wisconsin school districts has been below what is allowable on a statewide basis. In 1996-97 122 school districts underlevied a total in excess of \$8 million.

If a school district exceeds its total allowable levy in a given year, an adjustment is made in the district's aid for that year. An amount equal to the amount over the levy is subtracted from the districts' June aid payment.

Section I: Equalized School District Levy Rates, 1996-97

This section contains 1996 school property taxes levied (for collection in 1997) by each of Wisconsin's 426 school districts. The property tax includes funds levied for general operations, debt service, capital expansion (building), and community services. "Equalized" property value (TIF increments excluded) refers to the real market value as opposed to a value assessed by local authorities which may or may not be at 100 percent of market value. The equalized levy rate is the property tax levy divided by the current year equalized property value. Levy rates, in this section, are expressed in "mills" or property tax dollars levied per \$1,000 of equalized property value.

Locally, levy rate may be quoted on the basis of *assessed* valuation. Assessed valuations and rates are not comparable from one municipality to another due to differences in assessment practices and are not used in this publication.

If you have questions about the data in this section, or need additional information or clarification, please contact the Department of Public Instruction, School Financial Services, P. O. Box 7841, Madison, Wisconsin 53707-7841, (608) 266-6968.

Section J: Glossary

This section contains a listing of terms and definitions to provide clarity and understanding of terminology related to schools and school finance, and the data in preceding sections of the *Basic Facts*.

Absence—Nonattendance of a student on a day or half-day when school is in session.

Account—A descriptive heading under which are recorded financial transactions that are similar in terms of a given dimension, such as fund, function, object, or source.

Accounting Period—A period at the end of which and for which financial statements are prepared (for example, July 1 through June 30).

Accounting Procedure—The policy and systematic arrangement of methods and operations for recording accounting information so as to provide internal control and produce accurate and complete records and reports.

Accounting System—The total process of recording, retrieving, and reporting information on the financial position and operations of an organization.

Accounts Payable—A liability account reflecting amounts owed to private persons or organizations for goods and services received by a government (but not including amounts due to other funds of the same government or to other governments).

Accounts Receivable—Amounts owed to an open account of the district from persons, firms, or corporations for goods and services furnished (but not including accounts due from other funds or from other governmental units).

Accrual Basis—The basis of accounting under which revenues are recognized when they are earned and expenditures are recognized when they are incurred, regardless of the timing of related cash flows.

ADA—Average daily attendance. See "pupil count."

ADM—Average daily membership. See "pupil count."

Adult/Continuing Education—Instruction designed to meet the unique needs of adults and youth beyond the age of compulsory school attendance. This may be provided by a school system, technical college district school, college, or other agency or institution through activities and media such as formal classes, correspondence study, radio, television, lectures, concerts, demonstrations, and counseling.

Aggregate Days of Attendance—The sum of the days present (actually attended) of all pupils for all days in session during a given reporting period.

Aggregate Days of Membership—The sum of the days in membership of all pupils for all days in session during a given reporting period. The first and last days of membership for a given pupil are determined as the first and last days, respectively, of that pupil's attendance during a given reporting period.

Amortization of Debt—Gradual payment of an amount owed according to a specified schedule of times and amounts.

Appropriation—A legal authorization granted by a governing body to make expenditures and to incur obligations for specific purposes.

Assessed Valuation—See "property valuation."

Assessment Ratio—See "property valuation."

Attendance—See "pupil count."

Attendance Area—The geographic area wherein reside the pupils normally served by a particular school.

Audit—An examination of records and documents and the securing of other evidence for one or more of the following purposes: (a) determining the propriety of proposed or completed transactions, (b) ascertaining whether all transactions have been recorded, and (c) determining whether transactions are accurately recorded in the accounts and in the statements drawn from the accounts.

Audit Report—The report prepared by an auditor following a complete audit; it should include: (a) opinion, (b) financial statements, (c) findings, and (d) recommendations.

Average Daily Attendance (ADA)—See "pupil count."

Average Daily Membership (ADM)—See "pupil count."

Balance Sheet—A formal statement of assets, liabilities, and equity as of a specific date.

Bond—A written promise, generally under seal, to pay a specified sum of money, called the face value, at a fixed time in the future, called the date of maturity, and carrying interest at a fixed rate, usually payable periodically.

Budget—A plan of financial operation embodying an estimate of proposed revenues and expenditures for a given accounting period.

Budgetary Control—The control or management of business affairs in accordance with an approved budget for the purpose of keeping expenditures within the authorized amounts.

Business Manager—A staff member performing assigned activities which have as their purpose the management of the organization's business administration functions.

Capital Outlay—Expenditures that result in the acquisition of or addition to fixed assets.

CASC—Complete annual school cost. See "cost."

Cash Basis—The basis of accounting under which transactions are recognized only when cash changes hands.

Categorical Aid—State or federal aid which is intended to finance or reimburse some specific category of instructional or supporting program or to aid a particular target group of pupils. The district may use the aid only for the purpose for which it is paid. (Also see "general aid.")

Certification—The general process by which the DPI provides a license to an individual indicating qualification and employability.

CESA—A cooperative educational service agency.

CHCEB—A county handicapped children's education board.

Chief State School Officer—The chief executive of an SEA; in Wisconsin, the state superintendent of public instruction, which is a publicly elected position.

Choice—See "Milwaukee Parental Choice."

Class—A setting in which organized instruction of course content is provided to one or more students for a given period of time.

Class Period—The portion of the daily session set aside for instruction in classes, when most classes meet for a single such unit of time.

Class Size—The enrollment in a class as of a given date. (Also see "pupil count.")

Classroom Teacher—A staff member assigned to the professional activities of instructing pupils in classroom situations.

Complete Annual School Cost (CASC)—See "cost."

Cooperative Educational Service Agency (CESA)—A grouping of school districts, headed by a board of control, charged with implementing and operating cooperative programs among member districts and insuring proper school district organization. Each school district in Wisconsin is in a CESA area. (Also see "IEA.")

Cost—In general, an expenditure for goods (supplies, materials, equipment, land, buildings) or services (salaries, benefits, utilities, professional fees). In determining costs, care must be taken to avoid double-counting. For example, if a school building is financed from borrowed money, the total cost should include either the payment to the building contractor or the repayment of the borrowed money, but not both. Similarly, if a school district spends money for a school lunch program out of the food service fund and also transfers money from the general fund to the food service fund to help pay for the school lunch program, it should not count the transfer as an additional cost. Depending on the grouping being examined, a given expenditure can be a cost in one case but not in another. For example, if one looks at a single school district, payments by that district to other school districts are counted as costs, since they are not otherwise counted by that district. If, however, one looks at the total expenditures for all school districts in the state, it is necessary to subtract the interdistrict transfers, or else the same cost would be reported by two different districts. There are many different ways in which costs can be assembled for various purposes. The following are the ones most often used in Wisconsin school districts:

Complete Annual School Cost (CASC)—The gross cost in any given school year of the general, special-project, debt-service, food-service, and building funds, minus building fund costs paid for through long-term borrowing (which are paid through the debt-service fund).

Comprehensive Annual School Cost—Complete Annual School Cost plus the cost incurred for the operation of CESAs and the costs incurred by CHCEBs.

Gross Cost—The sum of all nonduplicative expenditures of a fund or a school district.

Net Cost—The gross cost of a fund or a school district minus costs paid for by certain receipts (typically federal aid, state categorical aid, and local nontax receipts) of that fund or district.

Partial Annual School Cost (PASC)—The CASC minus costs paid for by federal aid and local non-tax receipts.

Primary Cost—That portion of the shared cost which is within the primary cost ceiling, and in which the state shares using the primary guaranteed valuation per member.

Secondary Cost—That portion of the shared cost which is above the primary cost ceiling, but not more than the secondary cost ceiling, and in which the state shares using the secondary guaranteed valuation per member.

Shared Cost—The cost used as the basis for computing state general aid. This cost is funded by a combination of property taxes and state general aid. It is equivalent to the net cost of the general fund plus the net cost of the debt service fund.

Tertiary Cost—That portion of the shared cost which is above the secondary cost ceiling and in which the state shares using the tertiary guaranteed valuation per member.

County Handicapped Children's Education Board (CHCEB)—A branch of county government which provides instructional and therapeutic services to handicapped pupils. (Also, see "IEA.")

Course—An organization of subject matter and related learning experiences provided for the instruction of pupils on a regular or systematic basis. Credit toward graduation or completion of a program of studies generally is given to pupils for the successful completion of a course.

Day in Session—A day on which the school is open and the pupils are under the guidance and direction of teachers. On some days the school plant may be

closed and all pupils may be engaged in school activities outside the school plant under the guidance and direction of teachers. Such days should be considered as days in session. Days on which the teaching facility is closed for such reasons as holidays, teachers' conventions, and inclement weather should not be considered as days in session.

Debt Service—Expenditures for the retirement of principal and payment of interest on debt.

Department of Public Instruction (DPI)—The state agency, headed by an elected state superintendent, charged with the supervision and guidance of elementary and secondary education in Wisconsin. (Also see "SEA.")

Diploma—A certificate conferred by a high school or similar agency as official recognition for the completion of a program of studies or for other attainment.

Disbursements—Payments in cash.

District Administrator—A staff member who is the chief executive of a school district; a superintendent of schools.

DPI—The Department of Public Instruction. (Also see "SEA.")

Dual Enrollment—An arrangement whereby a pupil regularly and concurrently attends two schools which share direction and control of the student's studies.

Elementary School—See "school."

Enrollment—See "pupil count."

Equalization—(1) The process by which the Wisconsin Department of Revenue places all property assessments on an equal footing across municipal boundary lines. (Also see "property valuation.") (2) The process of ensuring a minimum tax base (the guaranteed valuation) for the support of education for each pupil in Wisconsin, so that school districts which spend at the same level will tax at the same rate.

Equalized Valuation—See "property valuation."

Expenditures—Decreases in net financial resources, including current operating expenses which require the current or future use of net current assets, debt service and capital outlay.

Fiscal Year—A 12-month accounting period at the end of which a school district determines its financial condition and the results of its operations and closes its books.

Food Services—Activities involved with the food service program of the school or LEA. This service area includes the preparation and serving of regular and incidental meals, lunches, or snacks in connection with school activities, including food for the elderly and food delivery.

Fulltime Equivalency (FTE)—The amount of time for a less than full-time activity divided by the amount of time normally required in a corresponding full-time activity.

Function—The reason or purpose served by a particular expenditure or made possible by a particular receipt.

GAAP—Generally accepted accounting principles.

GED Test—General educational development test.

General Aid—State aid which is not limited to any specific program, purpose, or target population but which may be used in financing the general educational program as seen fit by the recipient district. (Also see "categorical aid.")

General Aid Membership—See "pupil count."

General Educational Development (GED) Test—An internationally recognized and normed test of academic attainment used primarily to determine the competency of an individual to deal with basic academic skills in writing, reading comprehension, mathematics, science, and social studies (also see "high-school equivalency.")

General Purpose Financial Statements (GPFS)—The basic financial statements which provide a summary of the financial position of all funds and account groups and of the operating results of all funds. The fund type and account group financial information included in the GPFS constitute "fair presentation in conformity with generally accepted accounting principles." The GPFS constitute the minimum acceptable scope of annual audits.

Generally Accepted Accounting Principles (GAAP)—Uniform minimum standards and guidelines to financial accounting and reporting which govern the form and content of the basic financial statements in an entity. GAAP

encompasses the conventions, rules, and procedures necessary to define accepted accounting practices at a particular time.

GPFS—General Purpose financial statements

Graduate—A person who has received formal recognition from the school authorities for completing a prescribed course of study.

Gross Cost—See "cost."

Guaranteed Valuation—The minimum tax base provided for support of a pupil's education.

High School—See "school."

High School Equivalency—A program designed to ascertain the ability of an adult who has not graduated from high school to deal with academic material on the level of a high school graduate. If a person presents evidence of having met established criteria (such as completion of a GED or STEP test or accumulation of credits), the state superintendent may grant her or him an equivalency certificate.

Home-Based Private Education—See "school."

Homebound Student—A student who is unable to attend classes, as attested to by a licensed medical professional, and for whom instruction is provided at home by a teacher whose program of instruction is under the direction and control of the district.

HVAC—Heating, ventilating, and air conditioning.

IEA—An intermediate educational agency; in Wisconsin, a cooperative educational service agency (CESA) or county handicapped children's education board (CHCEB).

Interscholastic Athletics—Organized athletic activities engaged in by pupils specifically trained for such purposes with similarly trained pupils from other schools.

Intramural Athletics—Organized athletic activities engaged in by pupils of a school with other pupils from the same school. The intramural program may be an integral part of the physical education program or a distinctive program of its own; in either case, the program must be confined to a single school.

Junior High School—See "school."

LEA—A local educational agency; in Wisconsin, a school district.

Levy—(verb) To impose taxes or special assessments. (noun) The total of taxes or special assessments imposed by a governmental unit.

Levy Rate—In property taxation, the amount of tax to be raised divided by the value of property to be taxed; often expressed in mills of the tax per dollar of property value, hence the term "mill rate." (Also see "property valuation.")

License—A document issued by the Department of Public Instruction granting authority and permission to practice in an education-related profession (for example, teacher, superintendent, librarian, school nurse) in the public schools.

Local Educational Agency (LEA)—In Wisconsin, a school district.

Lottery Tax Credit—See "tax credits."

Management—Those activities which have as their purpose the general direction, execution, and control of the affairs of an agency or an organizational unit within the agency.

Membership—See "pupil count."

Middle School—See "school."

Milwaukee Parental Choice—Program for low-income families in Milwaukee School District only, that allows students to attend a private nonsectarian school rather than the public school. The state then pays those schools the general aid that Milwaukee Public Schools would have received for those students.

Municipality—A town, village, or city. For some specially identified purposes in Wisconsin Statutes, the term also includes counties, school districts, etc.

Net Cost—See "cost."

Nonpublic School—A private school.

Nonrevenue Receipts—Amounts received which either incur an obligation that must be met at some future date or change the form of an asset from

property to cash and therefore decrease the amount and value of school property. Money received from loans, sale of bonds, sale of property purchased from capital funds, and proceeds from insurance adjustments constitute most of the nonrevenue receipts.

Object—The article or service obtained from a specific expenditure.

Parochial School—See "school."

Partial Annual School Cost (PASC)—See "cost."

Partial School Revenues—The sum of state school aids and property taxes levied for school districts.

Policy—A governing principle, plan, or guide for a course of action.

PreKindergarten—See "school."

Primary Cost—See "cost."

Principal—A staff member performing the assigned activities of the administrative head of a school (not school district) and who has been delegated major responsibility for the coordination and direction of the activities of the school.

Private School—See "school."

Professional—A term denoting a level of knowledge and skills possessed by an individual or required of an individual to perform an assignment and which is attained through extensive education and training, usually a minimum of a baccalaureate degree or its equivalent obtained through special study or experience.

Property Valuation—The dollar value placed on land and buildings for purposes of administering property taxes. There are two commonly used methods of describing property valuation: assessed and equalized. Equalized valuation may either include or exclude a TIF increment.

Assessed Valuation—The property valuation determined by the municipal (city, village, town, or county) assessor as of January 1 in any given year. It is important that property of equal value be assessed at equal amounts, but it is not necessary that the amounts reflect the true sale value of the property. State law requires that total assessments within a municipality be within ten percent of equalized valuation no less frequently than every five years.

Assessment Ratio—The ratio of assessed to equalized valuation.

Equalized Valuation—The assessed valuation multiplied by an adjustment factor computed by the Wisconsin Department of Revenue for each type of property in each taxing district, designed to cause each type of property to have comparable value regardless of local assessment practices. The objective is to have equalized valuation reflect the fair market value of each piece of property. (Fair Market Value—The value that would be agreed upon between a willing buyer and a willing seller in an "arm's length" transaction where neither is required to act.)

Tax Incremental Finance (TIF) Increment—The appreciation of equalized valuation of property within a TIF district above the base-level equalized valuation of the TIF district at the time it was created. Property taxes on the TIF increment which would normally go to school districts, counties, Technical College districts, and others, instead go to the municipality which created the TIF district to help that municipality pay for the cost of urban renewal within the TIF district.

Public School—See "school."

Pupil—An individual for whom instruction is provided in an educational program under the jurisdiction of a school, school system, or other educational institution. No distinction is made between the terms "student" and "pupil." A pupil may receive instruction in a school facility or in another location, such as at home or in a hospital. Instruction may be provided by direct pupil-teacher interaction or by some other approved medium, such as television, radio, telephone, and correspondence.

Pupil Count—One of the following methods of determining the number of pupils in a class, school, or school district. (Also see "school census.")

Attendance—The number of pupils present on a given school day.

Enrollment—The number of pupils officially enrolled as eligible to attend class, whether such pupils are actually in attendance on that day or not, plus pupils enrolled in home bound instruction and non-graduates enrolled in Technical Colleges. If a pupil is absent from school without excuse for more than 20 consecutive school days, his or her enrollment is retroactively terminated on the last day of attendance.

Membership—Is resident enrollment adjusted for full time equivalency (FTE) as noted in the following groups:

- 3-year-old early childhood (EEN) counts .5 and pupils must be three years old on the count date to be counted.
- 4-year-old early childhood (EEN) counts .5 and pupils must be four years old on or prior to September 1 to be counted.
- 5-year-old early childhood (EEN) counts .5.
- 4-year-old kindergarten program with 437 hours of instruction count as .5. May include 87.5 hours of outreach activities.
- 4-year-old kindergarten program with 524.5 hours of instruction count as .6. This must include 87.5 hours of instructional activities.
- 5-year-old kindergarten program with at least 437 hours of instruction but less than 3 full days per week count as .5. 5-year-old kindergarten pupils must be five years old on or prior to September 1 to be counted.
- 5-year-old kindergarten program with at least three full days instruction per week, every week, all year but less than four full days per week count as .6.
- 5-year-old kindergarten program with at least four full days per week, every week, all year but less than five full days per week count as .8.
- 5-year-old kindergarten program with five full days per week, every week, all year count as 1.0.
- Grades 1 through 12, including EEN, count as 1.0. A full-day is one in which the length of the kindergarten class is the same length as the first graders of the district. First grade pupils must be at least six years old on or prior to September 1 to be counted.
- Only district residents may be counted in membership.
- A pupil enrolled in a program operated by a CESA is counted by the district of residence.
- A pupil concurrently enrolled in the school district and a CHCEB is counted by the district of residence.
- A pupil for whom the district of residence pays tuition or similar charges is counted by the district of residence.
- A pupil who transfers to another district as part of a program to promote racial and cultural balance is counted by the district of residence.

Average Daily Attendance (ADA)—The aggregate days of attendance during a given reporting period (typically a school year) divided by the number of days school is in session during that period.

Average Daily Membership (ADM)—The aggregate days of membership during a given reporting period (typically a school year) divided by the number of days school is in session during that period.

Summer ADM Equivalent—The aggregate class minutes of membership for the summer session divided by 48,600. (The value 48,600 represents the number of class minutes in a typical school year, assuming six periods per day and 180 days per year.)

General Aid Membership—The average of membership on the third Friday in September and the second Friday in January, plus the prior year summer ADM and foster/group home equivalents.

Pupil/Staff Ratio—The enrollment of a school district, as of a given date, divided by the total full-time equivalency of all staff assignments in the school system on the same date.

Pupil/Teacher Ratio—The enrollment of a school district, as of a given date, divided by the total full-time equivalency of classroom teaching assignments serving those pupils on the same date.

Pupil Transportation Services—Activities concerned with the conveyance of pupils to and from school as provided by state law.

Purchased Services—Services rendered by personnel who are not on the payroll of the district, including all related expenses covered by the contract.

Refinance—To pay off an old debt with newly borrowed money and thus incur a new debt.

Receipts—Cash received.

Refund—(noun) An account paid back or credit allowed because of an over collection or due to the return of an object sold. (verb)

(1) To pay back or allow credit for an amount because of the return of an object sold.

(2) To refinance.

Requisition—A written demand or request, usually from one department or its purchasing officer or to another department, for specified articles or services.

Revenue Limit—Definitions.

(1) "Number of pupils" means the number of pupils enrolled on 3rd Friday of September.

(1m) "Revenue" means the sum of state aid and the property tax levy.

(2) "State aid" means aid under s. 121.08, 121.09, 121.10 and 121.105 and subch. VI, as calculated for the current school year on October 15 under s. 121.15(4), except that "state aid" excludes any additional aid that a school district receives as a result of s. 121.07(6)(e) and (7)(e) and 121.105(3) for school district consolidations that are effective on or after July 1, 1996, as determined by the department.

Revenues—Increases in fund balance from sources other than expenditure refunds, residual equity transfers, debt proceeds, or operating transfers-in.

School—An administrative unit dedicated to and designed to impart skills and knowledge to students. A school is organized to efficiently deliver sequential instruction from one or more teachers. In most cases, but not always, a school is housed in one or more buildings. Also, multiple schools may be in one building. By statute, a home-based private educational program is not a school. Schools are described in the following ways:

1. By Administration. Generally based on who makes the decisions and pays the bills. These terms are in common use:

Home-Based Private Instruction—A program of educational instruction provided to a child by the child's parent or guardian or by a person designated by the parent or guardian. An instructional program provided to members of more than one family unit does not constitute home-based private instruction. Although home-based instruction does not occur in a "school," as defined above, it may be substituted for school attendance under Statute 118.15(4) if it meets the requirements for private schools under Statute 118.165(1).

Parochial School—A private school operated by a religious organization or in which religious instruction is offered.

Private School—An institution with a private educational program that meets all of the criteria under Statute 118.165(1) or is determined to be a private school by the state superintendent under Statute 118.167.

Public School—A school operated by publicly elected or appointed school officials, in which the program and activities are under the control of those officials, and which is supported primarily through public funds.

2. By Grade Level:

Elementary school—A school which generally offers undifferentiated instruction to a self-contained class, usually involving grades not higher than eight.

Middle school—A school with a program designed specifically for the early adolescent learner, usually beginning with grade 5 or 6.

Junior high school—A school between the elementary- and high-school levels, usually offering at least some separate classes in different subjects and usually covering grades 7, 8, and 9.

High school—A school offering separate classes in different subjects and usually covering grades 9, 10, 11, and 12.

Elementary/secondary combined school—A school which generally offers instruction at all grade levels through grade 12 in one location due, in most cases, to the size of the district. Although offered at one location, instruction is differentiated as elementary, middle/junior high school, and high school.

3. By School Type

Regular school—A regular school is a public elementary/secondary school that does not focus primarily on vocation, special, or alternative education.

Special education school—A special education school is a public elementary/secondary school that:

- Focuses primarily on special education, including instruction for any of the following: hard of hearing, deaf, speech-impaired, health-impaired, orthopedically impaired, mentally impaired, seriously emotionally disturbed, multi-handicapped, visually handicapped, deaf and blind; and
- Adapts curriculum, materials, or instruction for students served.

Vocational education school—A vocational education school is a public elementary/secondary school that focuses primarily on vocational education, and provides education and training in one or more semi-skilled or technical operations.

Alternative education school—A vocational education school is a public elementary/secondary school that focuses primarily on vocational education, and provides education and training in one or more semi-skilled or technical operations.

Alternative education school—An alternative education school is a public elementary/education school that:

- Addresses the needs of students that typically cannot be met in a regular school;
- Provides non-traditional education;
- Serves as an adjunct to a regular school; or
- Falls outside of the categories of regular, special education, or vocational education.

Charter school—A charter school is a school operating under provisions of a contract with a local public school board as required under s.118.40, Wis. Stats.

School Board—The governing body of a school district, comprising 3, 5, 7, 9, or 11 publicly elected members. Wisconsin law permits four different methods of election

At large by district.

- (a) A candidate may reside anywhere in the district.
- (b) He or she runs against all other candidates.
- (c) Everybody in the school district may vote for any candidate.
- (d) Those elected represent the entire district.

At large by apportioned area.

- (a) A candidate must reside in a particular designated area within the district, as determined by a plan of appointment under Statute 120.02(2).
- (b) He or she runs against all other candidates from that area.
- (c) Everybody in the school district may vote for any candidate.
- (d) Those elected represent the entire district.

At large by numbered seat. Statute 120.42(1)(b) requires Madison to use this method.

(a) A candidate may reside anywhere in the district.
 (b) He or she runs against all other candidates who have declared they are running for a particular numbered seat, as provided by Statute 120.02(4).

(c) Everybody in the school district may vote for any candidate.
 (d) Those elected represent the entire district.

By subdistrict. Statute 119.08 requires Milwaukee to use this method for eight of its nine board seats. The remaining seat is elected at large by district.

(a) A candidate must reside in a particular subdistrict (a designated area within the school district, as determined by Statute 119.08).
 (b) He or she runs against all other candidates from that subdistrict.
 (c) Only residents of a subdistrict may vote for candidates from that subdistrict.
 (d) Those elected represent their subdistricts.

School Bus—A vehicle used for transporting students with a manufacturer's rated seating capacity of 12 or more. (Also see "small pupil-transportation vehicle.")

School Census—The enumeration and collection of data, as prescribed by Statutes 43.70(1) and 120.18(1), to determine the name, age, address, and other pertinent information about persons under age 21 who reside within the geographic boundaries of a school district as of June 30 each year. (Also see "pupil count.")

School District—A geographical area established for administering, financing, and determining attendance eligibility for elementary and/or secondary education. (Also see "LEA.") School districts may be categorized in many ways, two of which are of interest here:

(a) **By Scope.** Based on grades operated. The three permissible categories are: pre-kindergarten to Grade 12 (PK-12); elementary (PK-8); and union high school or UHS (9-12); the latter two categories share the same territory, with multiple elementary districts for each high-school district.
 (b) **By Kind.** Based on method of governance:

Common—Budget is presented to, and tax levy is voted on, by an annual meeting of citizens, who also have other more rarely used powers; how-

ever, the school board may subsequently alter the levy, and it makes most of the operating policy decisions. Covered in Subchapter I of Chapter 120 of the statutes.

Union High—Just like a common district, except it operates only Grades 9-12.

Unified—A structure in which all the duties and powers of the annual meeting are vested in the school board. Covered in Subchapter II of Chapter 120 of the statutes.

First Class—A structure applying only to the Milwaukee School District, which is coterminous with the City of Milwaukee, the state's only first class city, in which some fiscal authority and responsibility of the schools is vested in city officials; however, the school board has final authority to adopt a budget and set a tax levy. Covered in Chapter 119 of the statutes.

School District Reorganization—Any alteration, dissolution, consolidation, or creation of a school district.

School Levy Tax Credit—See "Tax credits."

School Lunch—Any lunch served by a school, approximating the minimum nutritional standards of the US Department of Agriculture, regardless of who pays for it.

School Plant—The site, buildings, and equipment constituting the physical facilities used by a school.

School Site—Land owned and managed by a school or district, including all nonstructural components of the land, such as grading, drainage, drives, parking areas, walks, plantings, play courts, and playfields.

School System—All the schools and supporting services controlled by a school board or by any other organization which operates one or more schools.

School Year—The time commencing with July 1 and ending with the next succeeding June 30.

SEA—A state educational agency.

Secondary Cost—See "cost."

Secondary School—See "school."

Self-Contained Class—A class having the same teacher or team of teachers for all or most of the daily session.

Sequential Test of Educational Progress (STEP)—A nationally recognized and normed test of educational attainment. (Also see "high school equivalency.")

Session—The time during a school term that the schools of a school district are operated for the attendance of pupils.

Shared Cost—See "cost."

Small Pupil Transportation Vehicle—A pupil transportation vehicle with a manufacturer's rated seating capacity of fewer than 12. (Also see "school bus.")

State Educational Agency (SEA)—In Wisconsin, the Department of Public Instruction.

Student—A pupil.

Student/Staff Ratio—Pupil/staff ratio.

Student/Teacher Ratio—Pupil/teacher ratio.

Summer ADM Equivalent—See "pupil count."

Superintendent of Schools—A district administrator.

Supervisors of Instruction—School personnel who have been delegated the responsibility of assisting teachers in improving the learning situation and instructional methods.

Support Staff—A staff member who works under the direction of a professional staff member and assists that staff member, but who does not have full professional status (for example, a teacher's aide).

Systemwide—Activities which extend or apply to all of the schools in the LEA or to all of the schools in the LEA where activities apply.

Tax Credits—Programs designed to provide property tax relief.

Lottery Credit—The lottery property tax credit, created in 1991 Wisconsin Act 39, is a below-the-line property tax relief program; that is, it is shown on the individual property tax bill as a reduction from the gross tax which would otherwise have been paid on the taxpayer's principal resi-

dence. The lottery credit was applied to homeowners' property tax bills from 1991 through 1995. In October 1996 this credit was determined to be in violation of the state constitution's tax uniformity clause.

School Levy Tax Credit—The school levy tax credit, created in 1985, is a below-the-line property tax relief program; that is, it is shown on the individual property tax bill as a reduction from the gross tax which would otherwise have been paid. The amount of the school levy credit paid to a municipality is based on the municipality's share of a three-year average of the total statewide levy. Each municipality's total credit is divided by the total value of the municipality's taxable property to determine a rate which is applied to the individual tax bill. The school levy credit applies to all taxable property.

Taxes—Compulsory charges levied by a governmental unit for the purpose of financing services performed for the common benefit.

Teacher—A licensed person employed to instruct pupils in a situation where the teacher and the pupils are in the presence of each other. This term is not applied to principals, librarians, or other instructional or support personnel.

Teacher Aide—A person who assists a teacher with routine activities associated with teaching, those activities requiring minor decisions regarding pupils (such as monitoring and conducting rote exercises), operating equipment, and clerking.

Teacher-Training Institution—A college or university recognized by the DPI for the training of teachers.

Teacher's Contract—The formal agreement, represented by a legal signed document entered into by a teacher and the officials of the school system, stating the salary and benefits to be paid the teacher, the length of term of the agreement, and the general duties to be performed by the teacher.

Teaching Intern—A person who instructs pupils without having fulfilled all the requirements for a professional in the teaching field. The person usually has a professional level of competencies in a field other than education and is allowed to teach while obtaining the necessary knowledge and skills in education and educational psychology.

Team Teaching—An organization for classroom instruction which involves two or more teachers who are jointly responsible for planning, instructing, and evaluating a given group of pupils at any instructional level or in a selected subject-matter area or combination of subject-matter areas. A teaching team may or may not include assistants.

Technical College District—A geographical area established for administration, financing, and determination of attendance eligibility for post-secondary vocational, technical, and adult education.

Tertiary Cost—See "Cost".

TIF—Tax incremental financing. See "property valuation."

Transcript—An official record of student performance showing all school-work completed at a given school and the final mark or other evaluation received in each portion of the instruction.

Transfer—(verb) To leave one class, grade, school, or district and move to another class, grade, school, or district. (noun) (1) A pupil who transfers. (2) Payment of money from one fund to another within a school district or from one governmental unit (such as a school district) to another.

Ungraded Class—For reporting purposes, this definition is specific to private schools. A class which is not organized on the basis of grade and has no standard grade designation. This includes regular classes, special classes for exceptional students, and many adult/continuing-education classes. Such a class is likely to contain students of different ages who frequently are identified according to level of performance in one or more areas of instruction rather than according to grade level or age level.

Ungraded School—For reporting purposes, this definition is specific to private schools. A school which has no grade designations or grade-level standards. In such a school, pupils are reclassified frequently according to individual progress. Aspects of subject matter taught are designed for the various abilities of individual pupils. Frequently, provision is made for independent study and research by pupils as well as for permissive self-selection of problems and materials. Achievement standards vary with the rate of learning for different pupils, and pupil achievement can occur at any time.

Voucher—A document which authorizes the payment of money and usually indicates the accounts to be charged.

Wisconsin Elementary and Secondary School Accounting System (WESSAS)—A system of classification of financial transactions (primarily receipts and expenditures) using uniform definitions and code numbers, as prescribed by the DPI for school districts under Statute 115.28 (13).

Wisconsin Technical College System—A system of technical colleges which enables eligible person to acquire the occupational skills training necessary for full participation in the work force and to enable participants to obtain the knowledge and skills necessary for employment at a technical, paraprofessional, skilled or semiskilled occupation.

Withdrawal—An individual who has left a class, grade, or school by transferring, completing school work, dropping out or because of death.

WTCS—Wisconsin Technical College System.
